**Family Life:** My parents were both teachers. And yes, they both taught me at one point! I am very lucky to have a loving family who cares for me a lot.

**Career Life:** I started my teaching career at Theodor Herzl and most recently spent a year and a half teaching music in South Korea at a school in Gangnam (yes, like the song), which was a very special experience.

**Accomplishments:** I have an ATCL qualification in playing the piano.

**Early Life:** I was born and raised in East London. Attended Gonubie Primary School up until the end of grade 2, after which I've been a Grey Boy through and through. After matriculating, I went on to study at the University of Johannesburg

**Family Life:** I am the youngest of three children. With the eldest being my brother and the middle child being my sister. My mother and father lived in Despatch their whole lives before having the three of us children in East London. The Adams family now resides in friendly Port Elizabeth. I am recently engaged to my beautiful Georgia, with whom I've been dating for four years.

**Career Life:** I started a career playing rugby whilst I was in Matric when I played for the Junior Eastern Province Currie Cup team. While studying in Johannesburg I was on contract to play for the UJ Varsity and Club teams. I also had the privilege to be involved with the Golden Lions before hanging up my boots after four years due to injuries. I practised as a mental performance coach and service provider in sport psychology for the Eastern Cape Academy of Sport before starting with the Sunridge Family

**Accomplishments:** Most of my accomplishments were on the sports field or in the gym but what most people don't know is that I also received various academic awards in high school and had an "A" average at university.

**Interesting facts about yourself:** : I am a devout Christian man with family values. I hold a qualification in sport psychology. I am bilingual with Afrikaans speaking parents and an English education. I have been a guest speaker at several events and have spoken on psychological skills training for sport performance as well as various topics within mental health. I am a coffee snob and might be borderline OCD.
